PRODUCT FEATURES

INTELLIGENT AND SPACE-SAVING

Our innovative and maintenance-free folding mechanism allows for effortless adjustment of the table to different space requirements, ensuring efficient use of the available area.

SPACE-SAVING STACKABILITY

The space-saving stackability facilitates the storage and transport of the folding table system. It is the ideal solution for environments where flexibility and efficient space utilization are required.

ELEGANT APPEARANCE

The stylish chrome table legs gives the Bistro 1 a modern aesthetic, while the black-fine texture table column provides an elegant contrast and an appealing look.

OPTIONAL WITH CASTOR

For added mobility, the Bistro 1 can be optionally be equipped with a castor.
